SUMMARY

AI Prompt Engineer with hands-on experience in designing high-quality prompts for AI image and video generation, optimizing workflows, and delivering production-ready AI solutions. Experienced in Data Analysis, Power BI, SQL, Python, and Excel, with strong expertise in dashboard development, KPI reporting, data visualization, and business intelligence. Skilled in transforming complex datasets into actionable insights, automating reporting processes, and collaborating with cross-functional teams to improve business performance. Passionate about leveraging Generative AI and data-driven decision-making to build innovative and impactful solutions.

WORK EXPERIENCE

Project Engineer

TechRelieve Pvt. Ltd.

Jan 2026 - Present

- Designed and optimized high-quality AI prompts for image and video generation using Generative AI platforms, ensuring accurate, production-ready, and consistent outputs.
- Developed prompt strategies to improve AI-generated content quality, maintain design consistency, and automate creative workflows.
- Developed interactive Power BI dashboards with KPIs, drill-through reports, slicers, and dynamic visualizations to support business decision-making.
- Performed data cleaning and transformation using SQL, Excel, and Power Query.
- Created DAX measures, calculated columns, and KPIs to track operational and business metrics.
- Automated recurring reports and reporting workflows, reducing manual effort and improving operational efficiency.

Freelance

Power BI Developer & Data Analyst

Jan 2021 - 2025

- Developed interactive Power BI dashboards and business reports.
 - Connected and transformed data from Excel, CSV, and SQL databases.
 - Created DAX measures, KPIs, and data visualizations.
 - Performed data cleaning and transformation using Power Query.
 - Delivered analytical insights to support business decision-making.
 - Collaborated with clients to understand requirements and deliver customized reporting solutions.
-

TECHNICAL SKILLS

- Prompt Engineering:**
- Prompt Engineering • Generative AI • AI Image Generation • AI Video Generation • Prompt Optimization
- Data Analytics:**
- Power BI • SQL • Python • Excel • Power Query • DAX • Dashboard Development • KPI Reporting • Data Visualization • Data Cleaning
- Soft Skills:**
- Analytical Thinking • Problem Solving • Communication • Team Collaboration • Time Management
